### **Safety Indication**

The necessary precautions measures should be adhered to in handling the chemicals.

Chemicals without a hazard indication should not be seen as harmless. Also when the handling of chemicals are not due to hazard identification, we recommend to handle with care and avoid for example skin contact.

### **Warranty**

Seller makes not warranty, whether of merchantability, fitness or otherwise, expressed or implied, concerning the product other than it shall be of the specification stated herein.

Any recommendations made by Seller concerning the use of the product are believed to be reliable, but seller makes no warranty of the results obtained. Buyer agrees to inspect the product supplied hereunder immediately after delivery. Failure to give notice in writing as aforesaid within the specified time constitutes and unqualified acceptance of the product and a waiver of all claims with respect thereto.
